

**Town of Barkhamsted**  
**Incorporated 1779**

**TOWN OF BARKHAMSTED**

**MAILBOX REPLACEMENT POLICY**

Many municipalities do not replace mailboxes and posts because of snowplowing damage. However, we understand that the post office tells you to place the box close to the road for the convenience of the mail carrier. Unfortunately, that puts the posts and boxes in the town right-of-way, and the snowplows must clear the roads.

Therefore, when a snowplow makes physical contact with a mailbox or post, the Town of Barkhamsted will replace the mailbox and post. A 4x4 pressure treated post and a low-end mailbox will be used as the replacement. The Town will not reimburse for special designer mailboxes or posts.
